MUSIC THERAPY

Music Therapy is a research based, allied health profession. It is the systematic use of music (both live and recorded) to address: behavioral, social, psychological, communicative, physical, sensory motor, and/or cognitive functioning. These services are provided by board-certified music therapists who hold a bachelor's degree or higher in music therapy, have completed 1,200 hours of clinical training, including a supervised internship, and have passed the national board certification exam to obtain the credential MT-BC, Music Therapist – Board Certified.

At MDS, our board-certified music therapists implement sessions based on an assessment, developed goals, and input from the individual. Sessions are conducted in the home or in a community-based setting. Funding for music therapy is available through the FS and CIH waivers in Indiana. Private pay rates are also available.

Music therapy groups are also available in various regions, including North and South Indy. Rock Band groups are also available in Jeffersonville and West Indy. Our music therapy groups strive to address specific music therapy goals within a group setting with peers.

Our summer program participants enjoy time at the Brownsburg library with guest visitor "Hedgehog Hannah." We got to see a legless lizard, an alligator, a bunny, and a prairie dog, too!

Sweet Summer!

Meet Seth!

Seth is a creative and wonderful young adult who participates in music therapy services at Meaningful Day. He enjoys building Legos, watching movies, and watching YouTube videos. Seth has especially enjoyed the "Epic Rap Battles of History" on YouTube and began creating his own during his music therapy sessions. During the spring recital, Seth and his music therapist performed his "Epic Rap Battle of History: Rosie the Riveter versus Barbie." Seth's rap battle performance was sent to the Epic Rap Battle team, and they responded! They sent a video saying how much they loved his performance and encouraged him to keep writing and performing.

Keep up the great work, Seth!
